Moved Cr BOOTH, seconded Cr PENN

That Council:

1. Advise the Western Australian Planning Commission that it does not support the application to subdivide Lot 12 Horrocks Road, Sandy Gully (WAPC Ref: 142858), in its current configuration, for the following reasons:
 - (a) The proposed subdivision does not accord with the *Shire of Northampton Local Planning Strategy (2009)* and its preferred settlement strategy;
 - (b) The proposed subdivision does not accord with the *Shire of Northampton Local Planning Strategy (2009)* as it will create land parcels that will not be able to facilitate the ongoing productive rural use of land;
2. Advise the Western Australian Planning Commission that it would consider a two (2) lot subdivision, where proposed Lots 1 & 2 are created and proposed Lot 3 is amalgamated into an adjoining landholding on the basis that Horrocks Road is considered to be a significant physical division.

Advice Notes:

- i) Proposed Lot 3, of 6,000m², will not be able to accommodate appropriate setbacks to the future development of a single dwelling as *Town Planning Scheme No. 6 – Northampton* requires that a minimum setback of 100m be provided where development abuts a definable bank of a watercourse (refer to Attached aerial plan).

9.10.7 LOCAL GOVERNMENT REFORM (ITEM 6.5.7)

Moved Cr SIMKIN, seconded Cr PARKER

That Council considers the WALGA recommendations and the CEO's comments on the recommendations of the Local Structural Report and provide direction to its WALGA Northern Zone voting delegates on each recommendation.

Council's direction on the recommendations are as follows:

- R 1 Support CEO Comment – although some support is given to WALGA it is considered that in areas of the state where structural reform should occur has not. If local government in WA is to reform for the better and local government itself cannot progress it then as in other states, the government needs to take the lead.
- R 2 Support WALGA Comment – The areas listed were the areas of the State named in the 2006 LGAB report. This recommendation should be opposed by the sector as it amounts to forced reform. The recommendation states options for targeted intervention including legislative amendments.
Include CEO Comment – the only comment is that the Merredin area is not mentioned.
- R 3 WALGA Comment – Again this recommendation came from the 2006 LGAB Report. It is suggested that this recommendation be opposed by the sector as the Minister during this reform process gave a commitment to not amend the Act on the issue of poll provisions. The poll provision section of the Act is seen as a safety net for local communities.
- R 4 WALGA Comment – This recommendation is opposed as it would be giving responsibility for structural reform to a small panel and would not be seen as voluntary.
- R 8 Support CEO Comment – Council has supported the reduction and considers this to be an individual Council position.
- R 5 Support WALGA Comment – This recommendation would be supported if the funding support for capacity building was not just for those Local Governments who had resolved to consider an Amalgamation, Regional Transition Group or Regional Collaborative Group. Local Governments who resolve to stay in their current form can still be involved in reform initiatives and should receive support.

SHIRE OF NORTHAMPTON

Minutes of Ordinary Meeting of Council held at the Allen Centre, Grey Street, Kalbarri on the 15th October 2010

- R 7 Support WALGA *Comment* – This recommendation would be supported if it related to only those Communities where their Local Governments were considering an amalgamation or a Regional Transition Group.
- R18 Support WALGA *Comment* - It is disappointing that the proposal for Regional Groups to form legal entities in the form of the subsidiary model has not been endorsed. However the recommendation does allow for this model to be further considered if the proposal under the Associations Incorporation Act is considered not viable.

CARRIED 9/0

9.10.8 KALBARRI OVAL FENCE (ITEM 6.5.8)

Moved Cr GLIDDON, seconded Cr CRIPPS
